

SETTING UP THE LEARNING KEY ON YOUR PVR2HD REMOTE

1. Press and hold the **“SET”** key until the TV POWER button lights up
2. Press one of the four available buttons to correspond to your original remote control (ie. TV remote)
3. The TV POWER button will start flashing
4. Hold your original remote facing the front of your PVR2HD remote and press the button you wish to learn. The TV POWER button on your PVR2HD remote will start flashing rapidly. This confirms that the command was learnt successfully.
5. Press the **“SET”** key again to confirm.
6. Repeat steps 1 to 5 to teach the other commands.

Example: Using your PVR2HD remote you would like to turn on your TV, switch the channel to AV and be able to control the volume on your TV.
