

## Component Video CAT5 Extender Box

---

The **Component Video CAT5 Extender Box** is the next step in the evolution of home theater and residential video components. This module will provide crystal clear pictures over long distances utilizing economical Category 5e cable.

### SPECIFICATIONS:

#### Interface:

Video: 3 \* RCA (Y/Pb/Pr) female connectors

UTP: RJ-45 connector

#### Impedance:

Video: 75 ohm unbalanced

UTP: 100 ohm balanced

#### Bandwidth:

Video: DC~60 MHz

#### Distance: Over Category 5e/6 UTP cable:

- 480p video, up to 100 meters (total length, device-to-device)
- 720p video, up to 75 meters (total length, device-to-device)
- 1080i video, up to 50 meters (total length, device-to-device)
