

Model: PT10QRW

Order Code: 43160535

Order Code: 12 month Warranty

QR Code for easy access!

Each camera has a unique code that allows configuration free access via your smartphone!

MONITOR YOUR HOME OR SMALL OFFICE FROM ANYWHERE WITH ZERO CONFIGURATION! CAMERAS CONNECT VIA WIFI OR ETHERNET!

The new PT10QRW removes all the difficulties of viewing your IP Camera over the internet—connect to your camera with your smartphone or PC anywhere in the world without the confusing configuration of Dynamic DNS Servers or Port Forwarding!

For added simplicity, scan the provided QR code on your phone and you will be instantly connected to your camera. As if the ease of viewing was not enough, the ability to remotely Pan and Tilt the camera view provides a level of coverage a static camera never could!

If your network goes down, or your internet is not always connected, recording of Motion Triggered events can still take place, recording directly to any installed Micro SD Card (up to 32GB; not supplied). You can later browse the recorded videos or images for review via your home network without the need to remove the card!

- 720p HD Video recording
- Automatic Day/Night modes
 - ↳ Auto IR Illumination
 - ↳ Auto IR Colour filter
- Remote pan and tilt
 - ↳ Pan: 270°
 - ↳ Tilt: 90°
- Motion detection with Alert and Record modes
- Record directly to installed Micro SD card (up to 32GB; not included)
- Send an alert to your phone via Email and captured images are uploaded via FTP
- Dual networking: both Ethernet and Wi-Fi connections possible
- Two-way audio
 - ↳ Built-in microphone captures your baby's cry or dog barking
 - ↳ Audio output jack allows connection of external speaker for talk-back
- Access your camera anywhere in the world with zero network configuration!
- View on your mobile smartphone by scanning the provided QR code
- View on your PC without confusing DDNS or Port forwarding
- Wall and ceiling mounting hardware included!

Wall/ceiling mount

Mounts to walls or ceilings using supplied bracket! Perfect for permanent home/small office installs!
